

The Hoot

Year 1 Edition
Wb: 19.6.2017

Maths

We will be learning about: We will be reviewing all of our work so far and checking our understanding of key areas of learning.

We will continue our learning about quarter, half and full turns, so you could play some games and introduce some of the language that we will be using next week. You could play robot games where your child follows your instructions on how many turns to make so that they are facing the right direction, or your child could give the instructions and you or a toy could be the robot.

English

We will be learning about:

Answering comprehension questions from a story.

You could help your child by asking them questions about the characters, story setting and what happens throughout the story after they have read to you at home.

Phonics

Next week's sounds:

Reviewing all the sounds learnt in Phases 2 – 5

Well done to all Year 1 children for working hard on their phonics screening test!

Announcements & Reminders

Sports Day – at Longford Park on Wednesday 21st June at 1.30pm. If you can help us to walk the children to the park please speak to the class teacher. Thank you.

Wednesday, Thursday and Fridays are now ALL **DIY (do it yourself) days**. Please ensure your child comes into class on their own on these days.
