Dear Parent / Carer

Design a Poster Competition “Moving Sensibly Around School”

We’re running a competition, for all children, to design a poster which reminds all pupils to move sensibly when walking between classes; making sure we are quiet, careful and polite in the hallways and other non-playground areas of the school. We’re pleased to say that the children are doing very well at this already and a great-looking poster will help ensure that this continues throughout the rest of the year.

The areas in which children should move quietly have either a red, yellow, or green coloured floor; a “Traffic Lights” theme would be fitting and easy for all children to remember and understand i.e. If the floor is one of the traffic light colours, it means we should be sensible, quiet and polite when moving through it.

Ideally, the poster will be of A4 size, eye-catching and clear. The closing date for designs is **Friday 9th October**. Winning entries will be selected on the following Monday 12th October and we will begin producing the posters to put up around school shortly after.

Thank you for your support and good luck!

Kind regards

Jen Beech
