

The Hoot

Year 2 Edition
Wb: 22/5/2017

Upcoming Events & Trips

Trip to Sealife Centre:
 2JD—Thursday 25th May
 2KB/2SH—Friday 26th May

Please make sure that children wear their red school jumpers for the trip.

Please remember that we are travelling to the Sealife Centre on a public bus. If you are providing your child with a packed lunch please make sure that it is easy to carry and, ideally, can be disposed of after lunch (a plastic bag would be best).

English

Book of the week: Non-fiction books about sharks.

We will be: Writing a non-fiction report about sharks. We will be researching and organising our own reports that will include a heading, sub-headings, pictures, captions and labels.

How to support your child: Read a range of non-fiction books together and look at their layout. Research facts about sharks that your child could include in their report.

Maths

We will be learning: To use our place value skills to estimate calculations.

Key vocabulary: place value, tens, ones, estimate, round. $< > =$

How to support your child: Make sure your child is really confident with number bonds to 10 (2 numbers that make 10) and can apply these number skills within 100. (eg: if $7+3=10$ then $70+30=100$)

Ask them to estimate calculations (eg: $63+24$). Can they assume that the answer is less than 100? Yes, because if you round the numbers down ($60+20$) you get 80.
