

The Hoot

OSWALD ROAD
PRIMARY SCHOOL

Announcements & Event Reminders

A massive thank you to all those parents who were able to accompany the children to the library on Wednesday. The children and staff are very grateful for your time and we hope you enjoyed the presentation as much as we did (you should now be able to draw a parrot, at least!).

Letters have gone home this week about Christmas performance roles and outfits—if there are any queries please let us know. Please can you ensure that any items sent to school are clearly labelled. Many thanks.

English & Maths

Next week we will be looking at features of a newspaper report. We will be beginning to plan a report on an incident in our class novel.

In mathematics we will be working once more on multiplication, and in particular the distributive law, bar model and scaling as strategies of calculation.

This week's spellings:

agriculture

capture

culture

denture

fixture

fracture

future

futuristic

gesture

lecture

Please remember that all children are required to read daily and add to their reading records

Fortnightly Topic Task

The new topic task for the next fortnight is to produce a rainforest 'diorama'. A full description of the kind of model required has now been sent out to all classes. Boxes and cardboard tubes may be required! This homework is due in on Friday the 8th of December.
