Dear Parents/Carers,

## New School Lunch Menu

A new and exciting school lunch menu will be arriving after half term, which has been bespoke designed for the school and will provide more flexibility. The menu features all the school meal favourites and was designed by our school cook to feature dishes enjoyed most by the pupils at Oswald Road.

This new menu offers more choice for the children, which will help them to try new foods and explore different flavours. The new menu concept has been a success in all the pilot schools, with lots of positive feedback:

“The new menu concept provides the children with a wide variety of choices and helps them explore more tastes and flavours” (Feedback from a Lunchtime Organiser)

“The new three menu cycle means there is less repetition with the dishes as pasta, jacket potatoes and sandwiches are less frequent” (Feedback from a Head Teacher)

“As the new menu concept allows Unit Managers to select the dishes best suited to their school, it ensures that waste is kept to a minimum at the end of each service”.

The menu is fully adaptable so that we can cater for children with different cultural and dietary requirements. Where there is a requirement we also provide Halal meals.

If you have any questions relating to the menu or catering service provided, in the first instance please speak to me or visit: [www2.myschoollunch.co.uk/Manchester](http://www2.myschoollunch.co.uk/Manchester)

Kind Regards,

Sarah Nicholls

School Business Manager
