

6th September 2016

Dear Parents/Carers,

Volunteering Parent/Carer Skills

Here at Oswald Road Primary School we are always keen to get parents involved in all of our learning, and we believe in using all resources around us to provide our children with as many experiences as we can. Our children will be involved in trips out of school, however we also really value visitors who can come in and speak to the children, share an experience, or teach them a new skill.

In the past we have welcomed parents who have done art work, cooking, taught the children a new language, or have spoken to the children about being a mummy or a daddy and what is involved in looking after a baby.

If you feel you would like to contribute any of your skills and would be interested in coming in to work with our children in a non-formal session, which will be supported by all our staff members, please complete the reply slip below and hand it to your child's class teacher.

Kind Regards

Laura Tracanna (EYFS Phase Leader)
