

12th June 2017

Dear Parents/Carers,

Sharing of Data with High Schools

As the time nears when Year 6 will be starting the transition to their high schools, we will receive requests for sharing information relating to your child.

As stated within our Data Protection policy, I am required to inform you of this process. Passing on this data helps with a smooth transition for your child and ensures that key information is shared so that when they start high school they are able to thrive.

Kind regards,

Jon Beisly
Deputy Headteacher
