

WRITING

This half term we will be comparing and contrasting a European country and a region within North or South America through the study of physical and human geography.

Rights Respecting Article 29

"Your education should help you use and develop your talents and abilities. It should also help you learn to live peacefully, protect the environment and respect other people."

OUR HOOKS

Alas, we cannot go off travelling around the world, but towards the end of the half term we will be transforming our classrooms into airports to have that jet-setting experience!

Also, 4LM's class assembly will involve the children presenting on a country of their choice.

Around the WORLD

... in a term!!

DT/ART

Mrs Appleby will be tailoring the art curriculum to our topic, with the children studying different art forms from around the globe.

MATHS

Our maths focus this half term is multiplication and division. In topic based maths we will compare the populations of different countries and the statistics of different natural geographical features.

GEOGRAPHY

This half term we will be:

- Using atlases, globes and ICT to locate countries all around the world and discern some of their key human and physical characteristics.
- Comparing different types of settlement and land use, focusing on economic activity including trade links, and the distribution of natural resources including energy, food, minerals and water.

Parent/carer reply slip. Please send in your suggestions and comments by returning this slip to your child's class teacher.
