

Geography

Maps at the ready! We'll be poring over maps of Brazil and working out how to get there! We'll examine Brazil's human and physical geography and compare life there to life in the UK. We'll be zooming in on the Amazon rainforest and learning about the creatures that live there and the impact of deforestation.

R.E

We'll be studying Humanism and the moral and ethical beliefs of those with a secular world view.

Science

Linked to our SRE topic, we'll be looking at the changes that occur during puberty.

PE

Ready, steady go! It's athletics all the way this summer as we limber up for our own inter-class Year 5 Olympic games and Carnival!

PSHE

We'll be looking at life in the Brazilian favelas and considering Article 27: Your right to a good standard of living.

Brazil and the Olympics

If you have any ideas for things we can include in our topic, please complete the attached slip.

English

Our wonderful writers will write postcards from Brazil and commentaries of all the Olympic events. We'll write reports on Amazonian wildlife and create stories influenced by Brazilian carnival culture.

Maths

A measuring master class! Our Year 5 mathletes will time their sprints, measure their long jumps and present their results as graphs. We'll also look at time zones and what time we'll need to stay up 'til to watch the big events!

Art

We'll be using a range of media to create our own prints, paintings and sculptures inspired by Brazilian pop art legend Romero Britto. We'll also be designing and making our carnival masks ready for the Year 5 Olympic Carnival!
