

10th January 2018

Dear Parents/Carers,

Year 6 First Aid Training

As part of our 'Extreme Earth' topic, Year 6 are looking at the different types of extreme weather and natural disasters that occur around the world, and looking at the risks and devastation that these events can cause.

To equip the children for future life, should they be caught in a life-threatening situation, we have been able to enhance our topic by booking first aid workshops, which will take place at school on **Wednesday 7th February 2018**. The **free** workshops, delivered by Red Cross educators, aim to help 10–19 year olds learn first aid.

In the workshop we will:

- Learn essential first aid skills, including how to help someone who is unresponsive (breathing/not breathing), bleeding heavily, or burnt.
- Assess and manage risks to make informed choices when helping others.
- Build the confidence and willingness to help in a first aid emergency.

Each workshop will be 45 minutes long. If you **do not** wish your child to take part, please complete and return the slip below.

Kind regards,

Wendy Gibson, Kat Rowe & Natalie Gomez
