

14th November 2017

Dear Parents/Carers,

30 Hours Free Childcare

As you may already be aware, working parents could be eligible to claim an additional 15 hours free childcare on top of the standard 15 hours for 3 and 4 year olds.

To be eligible for the next term, starting January 2018, you will need to have an eligible code dated 31st December 2017. We strongly advise you to apply for this incentive as soon as possible.

If you were eligible for the initiative this term you will still need to renew your code as this is not done automatically. Once your code is renewed you will not need to do anything more until the next school term is due to start, which will be around February/March 2018. All you will need to do this time is to log into your gateway and opt to renew. Go to www.gov.uk/help-with-childcare-costs .

Kind regards,
