Dear Parents/Carers,

## EYFS Parent Donation Fund

At Oswald Road we are constantly striving to provide exciting and creative learning opportunities for our children. Based on pupil voice collated from this year and last, our children have said that they love to bake and do lots of exciting themed craft projects. We are very lucky to have a cooker and a fridge in the EYFS (Early Years Foundation Stage) and we are looking forward to setting up some fun activities for our children again this year. An enriched and creative curriculum is what we always strive for.

In order to set up these exciting projects we are asking for a weekly donation of no more than 50p to £1 to pay for food, baking equipment and special craft resources. **Please note that this is just a suggestion donation and not a mandatory payment.**

There will be a clearly marked pot beside the parent's board as you enter the EYFS classrooms for you to put your donation into each Monday ready for our project later on in the week. Should you prefer to make the donations at the school office please ensure they are in an envelope with 'EYFS fund' written on the front. We are asking for donations to start on Monday 18th October.

We will always aim to provide photos on our Facebook and Twitter pages and also on our parent notice boards to allow you to see that your donations have been put to good use.

Thank you for your support and time as always.

Kind regards,

Laura Tracanna  
EYFS Phase Leader
