## Announcements & Reminders

### Spare Clothes:

Spare clothes are always so useful for Nursery. We are running particularly low on boys' trousers and underpants, therefore we would be very grateful for any contributions.

### Miss Tracanna's Message:

I would just like to say a big thank you to all Nursery parents for always supporting us in providing the best care we possibly can for your children. The children have completed their transition period brilliantly and that is thanks to our joint efforts.

I am so excited about my new adventure but will miss the children so much and equally all the staff who are such a hardworking and close team. I look forward to hearing about all the children's achievements!

## Fortnightly Family Task

### Autumn Walk

As the clocks and seasons change, can you go for an Autumn walk and collect some natural resources? What colours can you see? Are there any Autumn animals along the way? Have a go at making a collage or an Autumn picture using your collected items!

If you have any questions please speak to your child's keyworker.
