

The Hoot

Year 2 Edition
Wb: 16/10/2017

'When I Grow Up' Super Learning Week
featuring Fibonacci

This week we will be finding out all about the famous Italian mathematician Fibonacci! We will be creating his life story with storyboards in English, creating Fibonacci patterns in art and we will be looking at the history of numbers and Maths. We will also be taking on the role of our teachers and teaching the Year 1 children some of our amazing maths!

Announcements & Reminders

'When I Grow Up' Super Learning Week featuring Fibonacci!- Monday 16th- Friday 20th October

Harvest Assembly– Tuesday 17th October

Individual School Photos- Friday 20th October

School closes for half term- Friday 20th October

Thank you for your support this half term – have a lovely break!

Maths

This week we will be setting up a tuck shop to try and double our starting budget! Can we plan and implement the running of it successfully? Each class will be selling tuck on Wednesday, Thursday and Friday. Children are invited to bring in some spending money to buy the tuck if you are able to. We suggest 50p per day.
