

# The Hoot

## Year 2 Edition

Wb: 26/3/2018

### Announcements & Reminders

**SATs Information Meeting for Parents** - Tuesday 27th March

**School Closes for Easter** – Thursday 29th March

**School Reopens** - Monday 16th April

*Have a lovely Easter break!  
Thank you for all your continued support so far this year :)*

### English

We will be reading a selection of African tales and answering comprehension questions about them. From this, we will develop our descriptive writing skills and will write a short piece to describe a setting.

***Ways to help at home:*** Support your child with letter formation - are they writing their letters correctly?

What interesting adjectives can we steal from our reading books to use in our writing? Is there a more interesting adjective than big? Small? Nice? Let your teacher know what you find!

### Maths

This week we are investigating length! We will measure objects using cm and m and solve problems involving measurement. We will also be using the inequality signs (< and >) to compare and order different lengths.

***Things to think about:***

Which is bigger - cm or m? How many cm are there in a m? When should we use m to measure rather than cm? Why?

***Ways to help at home:*** Look at scales on rulers/ measuring tapes / metre sticks. Practise measuring items at home!

**Homework:** Please check your homework books for the latest homework.
