

# ART

Our amazing artists will create a collage that represents the city and the countryside during the war. We will also make propaganda posters to convey our important messages.

# HISTORY

Your country needs you! We will be looking at how life carried on during the wartime period. Women can't fight, can they? We will be finding out the vital jobs both women and men played during the wartime effort. How would you cope with just 12 oz of sweets? We will be looking at what sacrifices people had to make to help the war effort. Get ready to have a tea party to celebrate VE Day!

# PE

Wartime games? What did the children play to keep themselves entertained during the war? We will be finding out very soon!

# WRITING

Letters, diary entries and eye witness accounts - the possibilities are endless for our wonderful Year 3 writers! We will be writing diary entries as homesick evacuees. We will also be developing our persuasive writing. How would you feel leaving your families and friends behind? Our writing will be linked heavily to drama.

# MUSIC

Our gorgeous voices will be put to the test when we learn some traditional wartime songs. We will also use the instruments to create some amazing soundscapes.

# GEOGRAPHY

Cows? What's a cow? Did you know that some city dwelling children in war time Britain had never seen a cow before? We will be looking at the exciting and nerve racking journeys these brave children embarked on. Maps at the ready, we will be looking at all the countries involved in the conflict. Which countries were involved in the war and who sided with who?

# MATHS

It's time to keep calm and carry on. They will use their maths skills to weigh and measure ingredients and will produce the finest wartime treats in town...Michelin stars here we come!

Playing Battleships will help us to learn about position and direction and we will have the chance to practise our co-ordinates too.

# DT

Bombs away! We will be looking at how we can shelter the people who have lost their homes from the Blitz. Gas! Gas! Gas! We will need to make some kind of protection from the poisonous gas. Can you design and make your own gas mask?

# Science

The blackout! How would you feel if you worked/lived in total darkness? We will be looking at how shadows form during different times of the day. Get your shadow puppets ready to re create an air raid story.

# ICT

We will be using the computers to help us design propaganda posters. I wonder which important message Year 3 will use?

Right or wrong? Would you know the right decision to make in different situations? We will be exploring right or wrong within different religions.

# RE

We will be visiting Stockport Air Raid shelters. We could always do a bit of drama, a spot of baking and turn the classroom into a shelter, so that we are safe from the Blitz. Maybe we could involve any of your family that may have been around, or know someone who was alive, during the war.

# Keep Calm and Carry On!

## OUR HOOKS

Parent/Carers reply slip. Please send in your suggestions and comments by returning this slip to your child's class teacher.
