

23rd April 2018

Dear Parents/Carers,

Bee in the City

We are very excited to announce that our school is taking part in 'Bee in the City'! This sculpture trail will celebrate all that is wonderful about Manchester and its people.

We have our very own bee sculpture that we need to decorate, so we would like to see your ideas on how the Oswald Road bee should be painted. What do you love most about Chorlton and Manchester? Will your bee represent all of your friends? Perhaps it could be based on our lovely parks and nature areas, or our fantastic cafes and restaurants? Or you could focus on our wonderful multicultural community? Maybe you have an even better idea!

To make our bee even more special we are asking you to choose a partner to work with on your design. This partner could be an older relative, such as a grandparent, aunty or uncle. It might be your neighbour, your friend's mum, or your friend from another school. It should be someone you wouldn't usually work with, so not a friend from this school. We want ideas from all parts of our community represented in our design!

To enter, simply complete design template that you've been given in class and bring it back to us no later than **Friday 11th May**.

I can't wait to see what you all come up with and who you choose to pair up with!

Kind regards,

Nicky Appleby
Art Lead
