**English**

We will be reading *Alex and the Glass Slipper* this week, which is a variation of a famous popular fairytale (can you guess what it might be?!) We will compare their similarities and differences and then write a character description of the main character, Alex.

**Ways to help at home:** What kinds of things do we include in a character description? How they look, and how they behave (personality). Can you think of any really fun and interesting adjectives that we might use in our writing?

**Maths**

Wow, the temperature is rising at the moment! We will be looking at temperature this week. We will compare temperatures on thermometers using the inequality signs (<, > and =).

**Things to think about:** What unit do we use to measure temperature?

If the temperature **increases**, what happens to the number? If the temperature **decreases**, what happens to the number?

**Homework:** Please check your homework books for the latest homework.
