

Year 2 Edition

Wb: 15/10/2018

The Hoot

Announcements &
Reminders

SCIENCE SUPER LEARNING WEEK!

Monday 15th October - Dress
up as a scientist!

**Monday 15th and Tuesday
16th October** - The children
will take part in a carousel of
science experiments across
Year 1 and Year 2 classrooms!

Friday 19th October -
Break up for half term.

*Thanks for all your support
this half term—the children*

English

We will be: Reading *Beware of Boys* and *Beware of Girls* and answering some comprehension questions. We will become reading detectives to see if we can steal some amazing vocabulary from these stories to then use in our diary extracts!

How to support your child: Think about the features of a diary - they are written in first person (I), past tense, and include lots of feelings words.

Maths

We will be learning: How to successfully add together 2 two-digit numbers e.g. $85 + 14$. We will talk about how dienes and other equipment can help us.

Key vocabulary: sum, altogether, value, total, tens, ones, exchange

How to support your child: Practise partitioning numbers into tens and ones and then adding them together.
