Wednesday 13th February
2:30pm- 3:00pm

The Hoot

English

We will be reading *The Paperbag Princess*. We will explore the vocabulary used by the author and will read the story from the perspectives of different characters.

How to support your child: When reading books with your child, discuss and encourage them to question the meaning of unknown vocabulary. This is an important skill which aids comprehension.

Maths

Properties of 2D shapes and symmetry. We will review properties of shape (e.g. how many sides and corners) and will solve clues to identify shapes. We will move on to finding lines of symmetry in these shapes.

How to support your child: Spot different 2D shapes in the environment. **Challenge:** I have 20 sides and 20 corners altogether. What shapes could I have?

Key vocabulary: square, circle, triangle, rectangle, pentagon, hexagon, heptagon, octagon, sides, corners, symmetry, vertical, horizontal
