Please ensure that your child has their PE kit in school for the half term!

Year 2 Fashion Show

Wednesday 13th February
2:30pm - 3:00pm

Break up for Half Term

Friday 15th February

School Reopens

Monday 25th February

English

We will be reading *Traction Man Meets Turbo Dog*. We will compare this with *Traction Man is Here* and write about which one is our favourite and why. We will also be writing story boards to help us retell the story.

How to support your child: After reading a section of a story or the whole thing, ask your children if they can retell it. This is a really important skill we are working on in class. Can you write 6 events from the story for them to order?

Maths

We will be learning about properties of 3D shapes this week. We have done really well with 2D shapes, so we are looking forward to the children wowing us again! We will review properties of 3D shape e.g. how many faces, edges and vertices they have and we will move on to sorting shapes according to their properties.

How to support your child: Spot different 3D shapes in the environment. **Challenge:** What shape am I? I have 4 triangular faces and 1 square face...

Key vocabulary: face, edge, vertices, cube, cuboid, cone, sphere, triangular prism, square based pyramid, cylinder, properties
