

Science Habitats

In science we will be learning about habitats and what animals need to survive in different environments. We will also be searching for minibeasts!

ICT

In ICT we will be using Dazzle to create pictures of plants. We will be learning how to draw lines of different size and colour, fill spaces with colour and edit our work. We'll research different animals.

Geography

In geography we will be learning about Africa. We will be using maps to locate the continent of Africa and different countries within it. We will be learning about some African flags, climate, food and traditions. We will also be learning about the significance of the kente cloth within African culture.

Music

In music we will be learning how to control and develop our singing voices as well as how to control instruments such as the Djembe.

Maths

In maths we will be focusing on three main things this half term: geometry and properties of shapes; fractions; and measurements including units ml/l, g/kg and cm/m. Following on from this we will be solving real-life word problems and using our knowledge of number facts and operations to check our results.

Maths in real life contexts:

We will be putting our map-reading skills to good use.

WHY WOULDN'T YOU EXPECT TO SEE A GIRAFFE WANDERING AROUND CHORLTON EES?!

RR 28– All children have a right to education.

We would love to have feedback about how we could make our topic more exciting and enjoyable. If you have any ideas please get in touch!

English

We are going to be reading stories (eg. Katie Morag) that will support our geography work on comparing and contrasting localities, plus a variety of non-fiction texts. We will develop our descriptive writing and work on the use of suffixes and expanded noun phrases. We will continue to work on different punctuation and exciting ways to join our sentences.

Art

In art we will be learning about symbols in African art work and we will be using this to inspire us to create our own 'Secret Symbol'. We will also be designing and making our own kente cloth as well as a collage.

Enrichment and trips

We will hopefully be taking part in the Easter Experience run by St.Clement's Church.

Religious Education

In RE we will be continuing our studies of Judaism.

Physical Education

Like last term, the children will be having outdoor games with the sports coach in school and gymnastics indoors with their teachers. Please make sure they have their kits!
