

History

We'll be exploring Manchester's rich industrial history. Along with a trip to the Museum of Science and Industry, we will be using a range of historical evidence to investigate the past and ask and answer questions about how this era shaped the Manchester we know today.

PSHE

Focus: Relationships

This half term, our Jigsaw pieces will look at: Recognizing Me, Getting On & Falling Out, Girlfriends & Boyfriends and Relationships & Technology (*safety focus*).

English

During English we will be analyzing a range of poetry! We will recite poems by heart, write our own and learn how to perform them effectively to really entertain an audience! Through our analysis we will explore the meaning of figurative language.

R.E

Key Questions: Can I understand the life and beliefs of other religions?

Science

We will be describing life cycles and reproduction in plants and investigating how humans develop.

PE

PE will be jam-packed with a few summer favourites; netball and Kwik-Cricket!

**TO WHAT EXTENT
WAS 19TH CENTURY
MANCHESTER A
'DEATH-TRAP'?**

If you have any ideas for things we can include in our topic, please complete the attached slip or see your child's teacher.

Maths

In Maths we will expand our knowledge of decimals involving money. Also, we will learn how to measure, draw and calculate missing angles and recognize the difference between regular and irregular polygons.

Rights Respecting

Article 6 – You have the right to life and to be healthy

Article 14– Your right to follow your own religion.
