

Science

Here comes the sun!

Hopefully we will be able to complete our work on plants by planting some seeds and watching them grow. We'll go looking at plants and trees in our local area. Fingers crossed for some sunshine!

Geography

Go Compare – We will be comparing a small area of the UK with a contrasting non-European country.

History

"One small step for man..."

Our significant historical individual this half term is Neil Armstrong!

Computing

We will be looking at using 'Spelling Shed' – getting us ready for spelling in Year 2.

Maths

Now that we are confident in counting up to 50 we will be looking at place value to 100.

We will also be exploring money, including giving change and adding amounts.

Finally, we will be learning to tell the time to the hour, half hour, quarter past and quarter to the hour.

Music

Mrs Murray will bring fantasy into the world of music with a variety of songs and tunes (and of course some weird sounds!)

Religious Education

We will be looking at more sacred places for the Sikh and Hindu religions.

Year 1

Term: Summer 2

Topic: Is Neil Armstrong special?

English

Woozles, Pussel-Skwonks and Muggle-Wumps. Just some of the characters we may find in appearing in our fantasy stories.

Design and Technology

Tools at the ready! We will be designing, planning and making our very own moon buggies.

Physical Education Gym

We will be continuing to get out more equipment and exploring the movements we can do on them.

Outdoor Games

Now the Summer is here let's get out and take part in Summer athletics and prepare for Sports Day.

Enrichment and Trips

We will be having a local trip to Longford Park this half term. We hope it doesn't rain for this one!
