

## Marvellous Maths -Making Maths Fun

---

2<sup>nd</sup> July 2019

### After-School Maths Club!

Dear Parent/Carer

Marvellous Maths is an after-school maths club for primary school children in Year 1 -Year 6.

We are delighted to be back after the summer holidays and will be running a 12-week course for your child to join. Our clubs are exciting, educational and fun to inspire children to learn.

Marvellous Maths has a unique approach to help children learn through mathematical puzzles, riddles, games and activities. All our content is guided by the National Maths curriculum.

#### Why we use games, activities and puzzles to support learning in maths?

- They are fun, enjoyable and motivating
- This method increases the engagement of children in maths
- Children of **all abilities** can join in and feel confident.
- Helps children practice numeracy skills used in class
- Develops mathematical thinking skills
- Encourages problem solving and teamwork
- Improves lateral and logical thinking skills which cannot be taught
- Increases social interaction and development
- Children can be creative and independent

Our sessions will be once a week for one hour on a Thursday. We have limited places in each year group so please book early to avoid any disappointment.

You can reserve a place on <https://marvellousmaths.co.uk/reserve-a-place-parents-only> **by no later than Tuesday 20<sup>th</sup> August 2019.**

**Please Note:** All payments and fees must be paid in advance. We will email you with a booking confirmation and details of how to pay for the placement. You can also visit our website for more information [www.marvellousmaths.co.uk](http://www.marvellousmaths.co.uk) or call our office on 0161-2251425.

Look forward in seeing your child join our club!
