

# The Hoot

Year 1 Edition

Wb: 7.9.19

## Announcements and Reminders

Children need coats in school every day as we have had a lot of rain but we like the children to get out as much as possible.

Please make sure your child has their book bag and reading books with them every day. We read as much as we can, not just on the children's book changing day.

### Upcoming Events

Yr1 walk around Chorlton as part of our topic—8th October in the morning.

If you can help out by accompanying the classes on our walk please speak to your child's class teacher.

Science Super Learning Week—week commencing 14th October

*Maths:* This week we will be looking at the number line, the addition symbol, and introducing the part whole model.

*Useful vocabulary:* add, plus, more, equals, part, whole

*How you can support at home:*

Practically look at how two amounts of something can be put together to make a whole. Use everyday objects around the house, pegs, little toy figures or even food like grapes!

*English:* This week we will be learning what a recount is and writing a recount our walk around Chorlton.

*How you can support at home:*

Ask your child to verbally recount their day at school or at the weekend. Encourage them to use the words first, then , next, after and finally.

*Phonics:*

We are now looking at Phase 4. No new sounds are taught but we learn about reading and spelling words with common consonant clusters. E.g st in nest, nd in hand, nk in bank

*How you can support at home:*

Recapping sounds that have already been learnt will help the children as it is helping them to remember to embed and use these in their work.
