

The Hoot

Year 1 Edition

Wb: 6.1.20

Announcements and Reminders

Please make sure your child has their book bag and reading books with them every day as we read as much as we can, not just on the children's book changing day.

Don't forget, there are lots of phonics resources on our school website that could help you support your child with phonics at home.

Please remember that children are now coming in to school independently, parents need to say goodbye at the door! This still applies on Thursdays when normal class teachers are out of class.

Upcoming Events

Tuesday 7th January—School reopens

Tuesday 14th January—Year 1 Showcase

Maths: This week we will be working on addition to 20. We will be looking at how to use a number line to solve addition problems, and finding number bonds to 20.

Useful vocabulary: addition, more, bigger, total, count on, how many, number bonds, part, whole.

How you can support at home:

Use everyday objects to practise addition within 20.

Eg, You have 12 raisins, here are 5 more. How many do you have altogether?

English: This week we will be exploring the story of Jack and the Beanstalk.

How you can support at home:

Practise retelling stories at home! Can you sequence the events in the correct order?

Phonics: This week we will continue to look at Phase 5 sounds.

This is where children learn new ways of writing a sound. We will recap the digraphs we have done so far and learn about the i_e split digraph and the 'y' sound (as in 'spy' and 'fly')

How you can support at home:

Recapping sounds that have already been learnt will help the children as it is helping them to remember to embed and use these in their work. Keep an eye out for any of these sounds in books you are reading at home.
