

Science

Would you live in a paper house?!

We will look at how different materials in our environment are better suited for different purposes.

Geography

Pupils will be exploring a range of different castles and the features of them. We will be identifying different castles within the UK and using maps to find these. We will also be exploring physical and human features of castles and where they are suitable to build!

Computing

We will be learning how to use various apps on our new iPads, e.g. 'Quiver', 'Chatterpix' and 'Numbots'

Religious Education

We will be learning about Christianity, what it means to be a Christian and important events and celebrations.

Music

Recording skills at the ready...we will be using a range of materials to make different sounds. We will also be exploring tuned and untuned instruments.

Maths

Number: Place value to 20

We will continue to look at place value to 20 by comparing numbers and groups of objects, alongside ordering numbers forwards and backwards.

Number: Addition and subtraction to 20

We will be continuing to use the addition, minus and equals symbol to interpret mathematical statements up to 20.

English

We will be exploring a range of fiction texts such as Jack and the Beanstalk. We will be continuing our work on writing a good sentence, which includes capital letters, finger spaces and full stops.

We will work up to producing an extended piece of writing.

Art

We will be exploring the works of a local artist, L.S. Lowry, and creating our own work inspired by his.

Physical Education

Gym

We will continue to explore a range of movements and equipment.

Enrichment and Trips

We are in the middle of finding something exciting to enrich our castles topic!
