

Rights Respecting Link

Article 24: Children have the right to good quality health care – the best health care possible – to safe drinking water, nutritious food, a clean and safe environment, and information to help them stay healthy. Rich countries should help poorer countries achieve this.

Geography

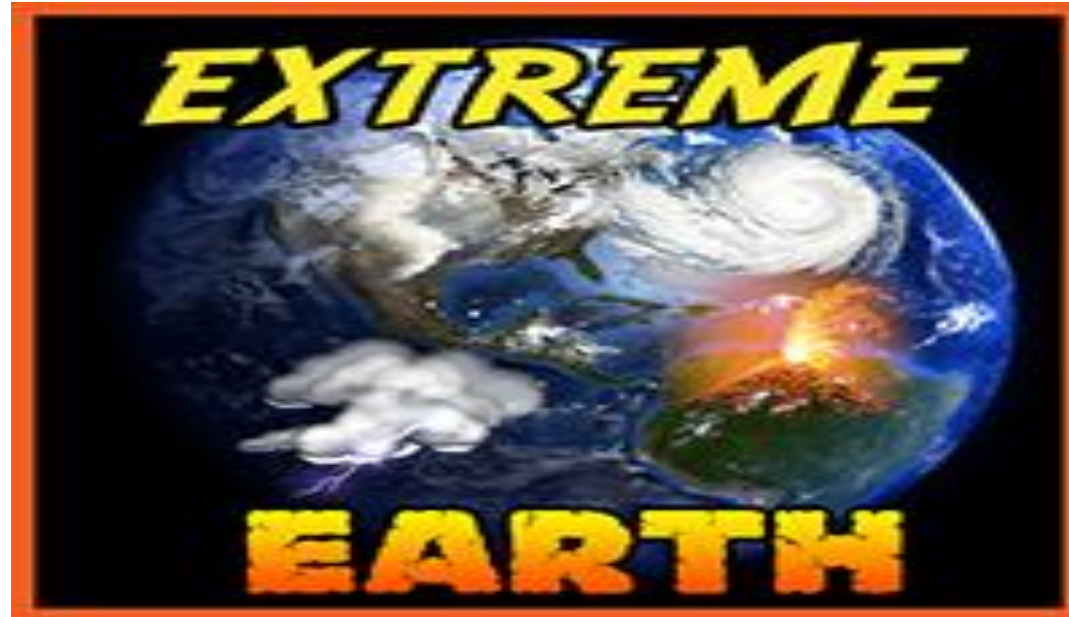

Bear Grylls, watch out! Year 6 are about to explore Earth's extreme climates. We will be looking at extreme weather phenomena, including the increase in desertification in particular parts of the world. Also, we will be using atlases to locate deserts, the Artic/Antarctic circles and the Tropics of Cancer/Capricorn.

PE

Extreme weather permitting...Year 6 will continue with outdoor games!

Real Life Maths

Year 6 will be interpreting negative numbers in the context of temperatures around the world.

Writing

We will be writing formal letters about plastic pollution to the Environment Secretary, focusing on the impact it has on our environment.

Art

We will be looking closely at Hokusai's 'Great Wave' and exploring how it was created using block prints.

Music

We will get creative by generating our own extreme earth soundscapes!

Trips/Events

We will be learning basic first aid techniques – this should be useful if you are ever caught up in a natural disaster!

We will also plan a beach or local community plastic clean up to carry out later in the year – watch this space!

What makes our planet a perilous place to live?

Parent/Carers reply slip. Please send in your suggestions and comments by returning this slip to your child's class teacher.
