

7th May 2021

Dear Parents/Carers,

Health/PSHE Questionnaire

After receiving a few requests for information on sanitary hygiene from some of our KS2 families, we have been in touch with Manchester Healthy Schools to discuss resources that they are able to provide to supplement the existing PSHE curriculum.

If you or your child feel that there is something that you'd like school to cover in PSHE lessons that is not currently covered by the curriculum, you can request this by emailing health@oswaldroad.manchester.sch.uk. Alternatively, if you'd prefer to keep your request anonymous, you can fill out [this online form instead](#), which will not take any of your details so will remain confidential.

We will use your feedback in partnership with Manchester Healthy Schools to develop more age appropriate resources on issues that are not currently covered in the curriculum.

Kind regards,

Amanda Clifton

Pastoral & Support Manager and School Health Lead
