Dear Parent/Carer

Providing Trip Consent with SIMS Agora

We hope you are finding our new electronic payment service, SIMS Agora, convenient and easy to use. The system can be used to provide consent for school trips when you pay, so there is no need to return a paper reply slip to school unless advised otherwise or if you need to specify the type of packed lunch your child will require for a trip.

Just follow the instructions when going through with the payment and your consent will be recorded through SIMS Agora. We hope this makes things a little easier.

If you're having any problems with SIMS Agora, or need a new unique Agora reference to register your child with the system, please contact the school office.

Kind regards

Alex Hodges
Communication and Marketing Manager
