

29th June 2015

Dear Parent/Carer

Transition Event 1.30pm Wednesday 15th July 2015

To help support your child's transition into their next school year, you are invited to join us for an afternoon in school to spend time with your child's class and their new teacher.

From this week, your child will be undergoing a series of transition events and activities to help familiarise them with their new teacher. These events will be happening on the 1st and 8th of July, with the final session taking place at **1.30pm Wednesday 15th July**, when we would like you to come to school to spend time with your child and observe an afternoon's teaching with their new teacher.

Making sure that this period of change goes smoothly can make a big difference to your child's progress, improving their self-esteem and confidence, as well as helping both you and your child feel prepared for next year.

Note: For parents & carers of children currently in Class 2KW, their new teacher, Channi Davis, won't be available for this transition event; therefore, we will arrange a separate event which will take place in the autumn.

Thank you for your support and we look forward to seeing you soon.

Kind regards

Deborah Howard
Headteacher
