How to use Picture Books for Early Reading Practise

Wordless picture books are told entirely through their illustrations — they are books without words, or sometimes just a few words. Sharing wordless books with a child provides an opportunity for literacy-rich conversations. Each reader listens and speaks, and creates their own story in their own words. Sharing wordless books also reinforces the idea that, in many books, the story and pictures are connected. Primary-aged students often enjoy writing their original story to accompany a wordless book.

Here are a few tips for sharing wordless picture books with a child:

- Recognise that there are no "right" or "wrong" ways to read a wordless book. One of the wonderful benefits of using the books is how each child creates their own story (or stories!) from the same pictures.
- Spend time looking at the cover and talking about the book's title. Based on those two things, make a few predictions about the story.
- Take a "picture walk" through the pages of the book. Enjoy the illustrations, which are often rich with detail. Look carefully at the expressions on characters' faces, the setting and the use of color. Talk to each other about what you see. These conversations will enrich the storytelling.
- Enjoy the pictures and point out a few things, but don't worry too much about telling a story yet. Just enjoy the pictures and get a sense of what the book is about.
- Go back through the book a second time and get ready for some great storytelling! Consider going first and acting as a model for your child. Ham it up! Have characters use different voices, add sound effects and use interesting words in your version of the book.
- Encourage your child to "read" you the book with their story. Focus on the words your child uses when they tell the story. Help your child expand their sentences or thoughts by encouraging them to add information from the illustration's details. One way to encourage more detail is by asking "W" questions: Who? Where? When? Why?
- Finish your wordless book by asking a few simple questions: What pictures helped you tell the story? What was your favorite part of your story? Have you had an experience like the one in your story?

Sharing wordless books is a terrific way to build important literacy skills, including listening skills, vocabulary, comprehension — and an increased awareness of how stories are "built," as the storyteller often uses a beginning, middle, end format. For a book with few words, you'll be surprised at all the talking you will do, and all the fun you'll have!

Kind regards,
The Nursery Team
