

Media consent form

Mosaic, founded by HRH The Prince of Wales, aims to create opportunities for young people – championed by Muslims and harnessing the power of positive thinking. There may be at various stages throughout the programme a photographer and/or film/video crew present, appointed by Mosaic. The images captured will be used by Mosaic for future publicity and promotional purposes, including on the website, and on printed materials. Mosaic guarantees the respectful and appropriate use of all images so as not to misrepresent or put in danger any of those included in the images.
