

1st class @ number

the counting at the start
was quite fun but it got
harder and harder and
made me get really good
at it.

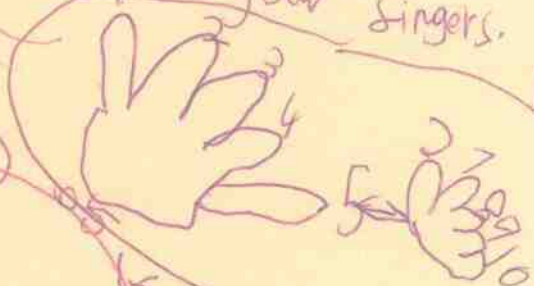

at the start when I wasn't
that good at maths I really
needed some help and my
maths teacher really helped me understand.

I also enjoyed my site work because it
was telling us different ways of
learning.

I liked the maths
games because it was a fun
way of learning how to
do maths.

You can (in maths) add
the adding in your head
then add the numbers
up with your fingers.

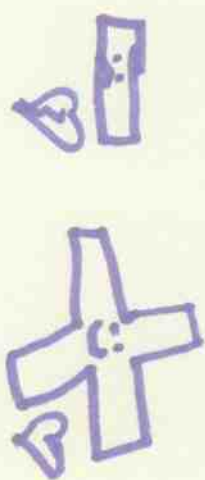

I love maths because that is different way
of doing it.

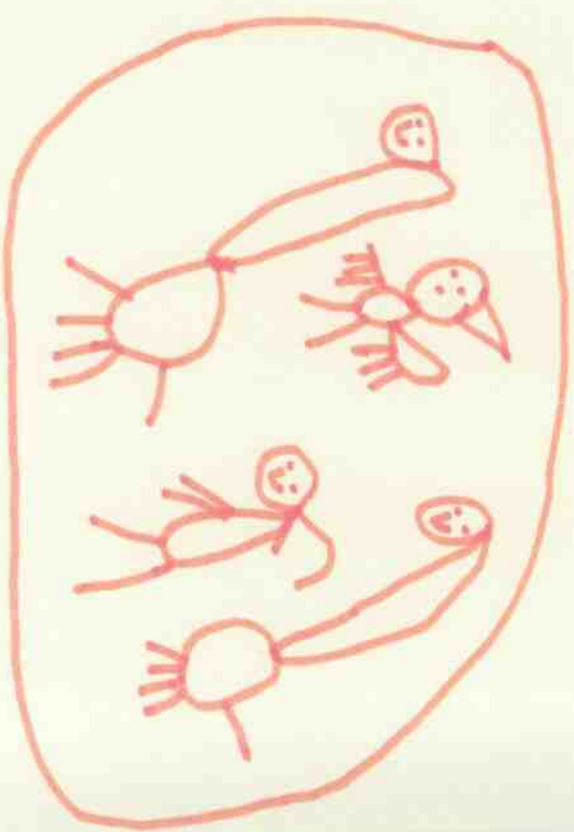

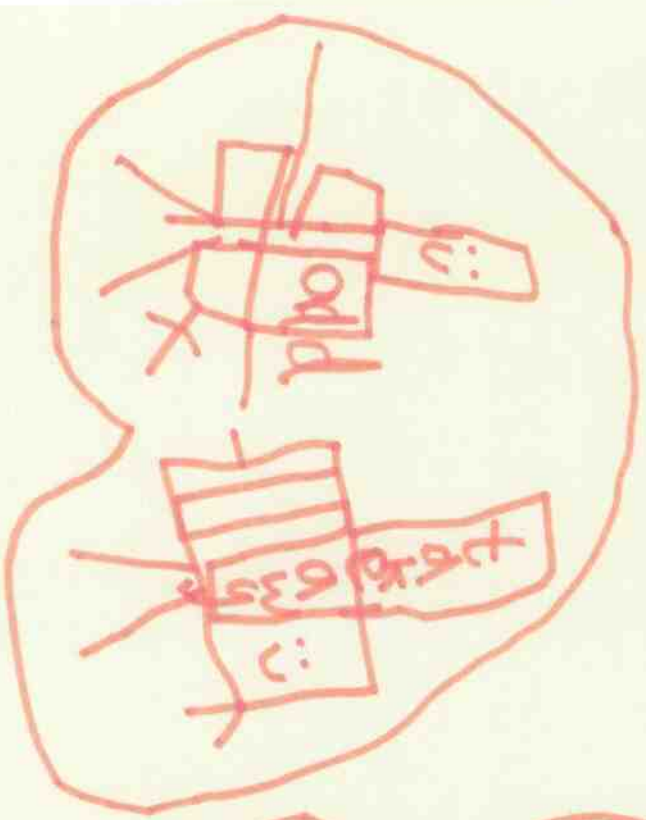

I Love this Room
because it is so much

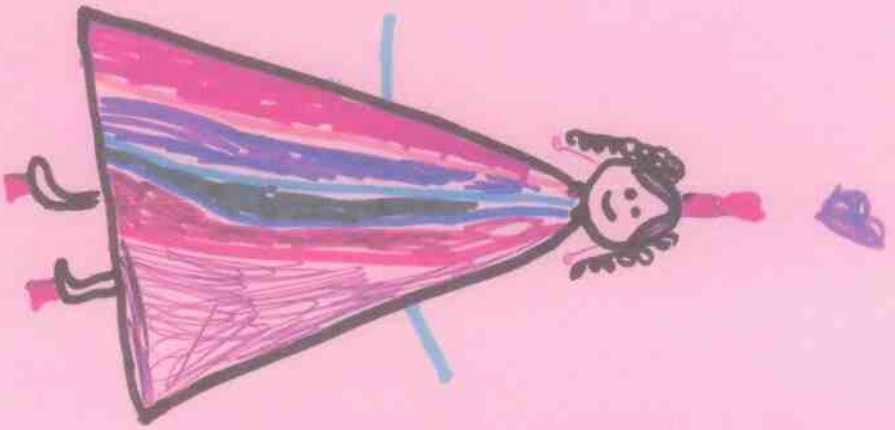

I liked Maths Monstads
because I never
bwin bfa.

I liked 1st class
Because
Monsters, I
things. Also I

I liked
Also
liked
Maths
Nice
Number
at
shop.

I liked making
maths monsters
because it's
helps me of
maths. me of

I liked
doing one
more and
one less because
it's fun.

because the fun thing is
 like the posty
 notes on the
 head with glass
 it was (pay funny
 place vldr

shakes and Addy

like the numbers and the
 like the numbers and the

like the numbers and the

1st class @ number because

I like

Counting in 1/2/5/10
and one more / one less

I like 10 more / 10 less
and I'm good at
playing the Raceing race
and and I'm getting
better at T₉ and Tee

ADD

I liked playing the games like
10 mice things and I place
value.

I **never** want to

live

this

School.

Number one and I liked
take always
