

Writing

Cartoon strips, diary entries, persuasive posters and play scripts will all feature in our topic this half term. Make sure you ask your grown ups about life in the 1980s as this will inspire your writing!

History/Geography

We are stepping back to the time that us Year 4 teacher's (and maybe parents) remember well. The 1980s! This was an era of new found crazes, cartoons and technology such as the Rubik's Cube, the ghetto blaster, shell suits, Cabbage Patch Kids and Transformers. You think loom bands are cool? Wait until you see some of the things we used to play with! We will be looking at some famous world wide events as well as comparing what life was like for children then and now. If you are lucky you may even get to see some pictures of our staff in the 80s!!

Maths

There are plenty of Maths links to the 1980s! Get ready to create your own fashion time-lines (they need to be in chronological order!). Also, we're going to create a tally chart which shows the most popular acts on the 80s hit parade :)

Music

Warm up your voices and get ready for some 80s tunes!

Walking on Sunshine Year 4

P.E.

Get out your baggy trousers and strut onto the dance floor! Get practicing those moves!

Art/D.I.

Raid your grown up's wardrobes and dig out those iconic 80s outfits! Shoulder pads, neon colours, baggy trousers, beads, shell suits, leg warmers, headbands and leggings. The list goes on! We will also be designing and making our own 80s style t-shirts! More information to follow...

Trips/Hooks

Get your thinking caps (or should we say baseball caps!) on for a spectacular 80s fancy dress party. We will be teaming up with Year 3 for the afternoon and throwing a 70s/80s party. As part of our Science topic, we will also be having some very special visitors in school so keep an eye out for information!
