

## Dance

Seasons come and seasons go...we will be representing these changes through dance!

# Climate Catastrophe

## Writing links

The Intergovernmental Panel on Climate Change (IPCC) needs our help to create an accurate report on the impact of climate change. Are you up for the challenge?

## Trips/Events

We will be focusing on climate change in our local area. Get your welly boots ready for a field trip!

## Art

Landscapes across the world have been drastically altered due to climate change. We want to reflect those changes through our art work by combining a range of mediums, including actual maps!

## Maths links

How can you measure climate change? We will be using rain gauges, thermometers and sensors to answer this question. Get ready for a measuring extravaganza!

## Science

It's not all doom and gloom! As well as looking at the impact of climate change, we will be assessing different ways to reduce its impact on our fragile planet. We might even come up with our own solutions...

## Geography

Have you ever wondered how much climate zones vary across the planet? Or how they have altered over time? We will be researching these changes this half term!
