

## Science

### Animals

Do you know your cats from your koalas? Or a shark from a snake? We will be learning about all different kinds of animals.

## History

Who do you think you are?

Step back in time and find out what major events have happened in your life and in the world.

Maths in Topic: We will be using our maths sorting skills to group objects from the past and the present.

Article 30: Every child has the right to learn and use the language, custom and religion of their family.

## Computing

We will be working on our mouse control and basic computing skills. Using a paint package we will be making digital representations of celebrations and learn how to edit, save, open and print our work.

## Religious Education

### Celebrations

How do you celebrate the special times in your life?

## Music

The carnival of the animals

What animal noises can you think of?

# Celebrate Good Times!

## Maths

We will be continuing to look at addition and subtraction.

Recognising and identifying shapes in the environment by describing their properties and then sorting them into groups.

Finding simple fractions.

Maths in real life contexts: We will be exploring money. When we make our puppets we will be setting up a shop to buy our materials! You'll be amazed what you can buy for £1!

## English

We will be looking at non-fiction texts and a range of celebration stories from different cultures and traditions.

## Design and Technology

Puppets

Get your needle and thread ready. We will be making our own puppets out of felt. If you can help, please speak to your child's class teacher.

## Physical Education

Gym

We will be continuing to link movements together.

Games

We will be further developing our skills when using a range of equipment.

## Enrichment and Trips

We will be learning about toys from the past and taking part in a Victorian toy workshop.

Parent/Carers reply slip. Please send in your suggestions and comments by returning this slip to your child's class teacher.
