

History

As historians, Year 5 will be taking a whistle stop tour of homely Chorlton. From its early days as a small community village to today's sprawling, cosmopolitan city suburb.

Geography

*Where have people come from?
Why have they chosen to settle in Chorlton? What factors helped their decision?*

Year 5 will be investigating the human geography of our local area .

Science

This half term, year five will be studying living things and their habitats.

Rights Respecting:

Article 31: You have the right to relax, play and engage in cultural and artistic activities.

Hooks

Year 5 will be embarking on local area studies for Geography and will be visiting a local community allotment.

RE & PSHE

Through our religious studies, Year 5 will be exploring the topics of justice, forgiveness and fairness.

Maths

Using statistical data, we will explore the population growth of Chorlton whilst solving contextual maths problems such as 'How to sell ethically and at a profit?'

Writing

We will be studying some of the works of William Shakespeare as part of our exciting collaboration with Chorlton High and other local primary schools.

In addition to this, we will be promoting our fabulous, diverse and cultured village through persuasive writing for tourist blogs and leaflets.

Art

We will be using a wide range of skills to produce collages and paintings in the style of a local artist.

PE

They shoot, they score! This half term we will be practicing our netball skills.
