

Maths

There will be plenty of opportunities to link maths to our learning. We will be doing some real life maths when we are cooking and also looking at one of the biggest economies in the world.

Hook

We have access to wonderful Chinese culture on our doorstep. We will be taking the short trip to Manchester's magical China Town.

Writing

We will be writing travel brochures, diary entries and letters home from our adventures to China.

Geography

What a fantastic country we get to explore. We will be looking at one of the largest and most intriguing countries in the world. Not only will we be looking at the physical geography of China, but also the human geography of how people live their lives.

DT

Chopsticks at the ready and chilli sauce in the fridge we will be making and tasting some Chinese food.

RE

We will be looking at Buddhism and some of its teachings.

History

China has a rich historical past from the ancient dynasties to the modern metropolises. We will be looking deep into the past of this country to see how it has created modern china.

PE

China are a wonderful sporting nation who always want to win. We will be challenging ourselves and each other to master netball this half term. We will also be looking at preparing for any physical exercise by following some traditional Chinese stretching regimes.

Art

The influence on modern culture from Chinese art can be seen everywhere. We will be looking at a range of it to complete our own compositions

Science

With technology playing such a part in modern culture, this half term we will be looking at electricity in science

The Great Dynasties of China
