Stay Safe

2017-18

ONLINE SAFETY

- Complete a self-evaluation process for online safety.

- Create an Online Safety Strategy.

- Workshop for parents and carers.

- Safeguarding carousel afternoon for governors.

- Online safety steering group of children established to look at current gaming/social media issues and to ensure that the strategy is managed. Parent questionnaire input before each group meeting.

- Review of current computing curriculum.

- Weekly safeguarding focus in the newsletter linked to eSafety.

- Workshops for Year 5/6 to action current issues.

- Review the current online safety management policies including; acceptable use agreements; policy for mobile technology; social media; digital and video images; and public communications.

PREVENT

- The school curriculum is used to provide education to our pupils around issues included in the prevent duty. This is taught through the new PSHE curriculum and British Values.

- Prevent Lead/Designated Safeguarding Lead ensures their training is up to date and a strong risk assessment and action plan is in place.

- Prevent Lead provides advice and support to staff on protecting pupils from the risk of radicalisation.

- All staff have had Prevent Duty training and have up to date safeguarding training including verbal updates.

- British Values to be embedded across the curriculum

Be smart on the internet

Think Safety.
