

Marvellous Maths -Making Maths Fun

5th September 2019

After-School Maths Club!

Dear Parent/Carer

Marvellous Maths is an after-school maths club for primary school children in Year 1 -Year 6

Our focus is to provide children with learning challenges that will broaden and enhance their maths knowledge and make learning maths fun.

Through our carefully selected programme, children will learn through mathematical puzzles, riddles, games and lots of activities. This method increases the engagement of children in mathematics and develops confidence in their abilities.

Why we use games, activities and puzzles to support learning in maths?

- They are fun, enjoyable and motivating
- Children of **all abilities** can join in.
- Helps children practice numeracy skills used in class
- Develops mathematical thinking skills
- Encourages problem solving and teamwork
- Improves lateral and logical thinking skills which cannot be taught
- Increases social interaction and development
- Children can be creative and independent

Marvellous Maths content is guided by the National Maths

Our sessions will be once a week for one hour on a Thursday. If your child would like to attend this term please secure their place on <https://marvellousmaths.co.uk/reserve-a-place-parents-only> .

We have limited places in each year group so please book early to avoid any disappointment. Places will be allocated on a first come first serve basis.

Please Note: All payments and fees must be paid before the sessions start. We will email you with a booking confirmation and information on how you can pay for the placement. You can also visit our website for more information www.marvellousmaths.co.uk or call our office on 0161-225-1425.

Look forward in seeing your child join our club!
