Dear Parents/Carers,

## Our Streets Chorlton- Parent Travel to School Survey

Our Streets Chorlton is a community engagement and development project, funded by the National Lottery climate action fund, that aims to support the development of a safer, greener and more accessible Chorlton.

With an overall aim to reduce the number of car journeys in our neighbourhood, they will facilitate accessible and inclusive spaces for ongoing discussion towards sustainable solutions and creation of a collective vision, as well as helping support wider climate action.

As part of this work, Our Streets are asking a series of questions, starting with parents and guardians at primary schools. Please answer this short survey:

<https://ourchorlton.commonplace.is/proposals/travel-to-school-in-chorlton-survey/step1>

To read a bit more about what they're up to, you can catch up on their website.

Kind regards,

Ellie Linton  
Communications & Marketing Manager
