

21st September

Dear Parents/Carers,

Gate Times Update

As promised, we have completed our preliminary review of the staggered drop off and pick up times from the school gates. We now have an initial plan in place to reduce the staggered approach when the timing is right.

Whilst we are currently dealing with the recent Year 6 COVID outbreak in school, we have been advised to retain an element of separation and the staggered drop off and pick up times are essential for this.

We will be reviewing the process again following the outbreak, but kindly remind parents and carers that we are still in a transitional period and will likely need to initially develop an interim solution, whilst finding the right timing for the plan we want to move forward with.

It is of utmost priority to keep the children well and in school, and we promise to keep you informed with gate developments in the very near future.

Kind regards,

Deborah Howard
Headteacher
