Year 4 Science Club with Mr Wheeldon

Each Monday, from Monday 12th September, we will be running an after-school science club for Year 4, for five weeks, concluding with the final session on Monday 10th of October. This club will be free to attend. The sessions will last for one hour each, commencing at 3:20 and finishing at 4:20. Pick up will be from outside the main office – the children will be brought down by Mr Wheeldon at the end of the club.

These sessions are designed to stimulate interest in the world of science. Places are limited to 30 so please note that applications will be accepted on a first-come, first-served basis. If you would like your child to attend, please fill out the Google form in the Internal Clubs table (above).

Year 6 Girls' Coding Club

We are pleased to announce the return of Year 6 Girls' Coding Club on Wednesday lunchtimes. This club is free of charge. Please see below for a message from the club organisers. If you would like your child to attend, please fill out the Google form in the Internal Clubs table (above).

Hi everyone.

We are two mums with children at Oswald Road. We both started learning to code in the last few years and want to encourage more girls to try it. Coding can be fun, creative and challenging, and it is definitely not just for boys!

In early 2020 we set up a lunchtime code club for girls in Year 6 and were delighted that the girls enjoyed it and were keen to learn. Now we are able to start running the club again, we would love to encourage as many girls as possible to try coding.

The club will run on Wednesday lunchtimes. We can only accommodate a small number of girls at a time, so if we are over-subscribed, we will run the sessions again in the future for any girls on the waiting list. If possible, it would be helpful if the girls have an email address (a parent's will be fine), so we can set them up with an account on Trinket (a free online code editor -<https://trinket.io/>) for them to save their projects.

Net Busters Football Academy

We are continuing our Net Busters Football Academy this year, following its success last year. This will run on Fridays after school for the full Autumn Term (13 sessions in total). This club provides children of all ages with a positive football experience.

Net Busters operates across 3 different age ranges, run by professional football coaches (including a former Premier League player) and supported by Oswald Road staff. Net Busters provides a pathway from fundamental skill-based learning (Little Kickerz) to fun, competitive football league structures (Shooting Starz and Pro-playerz).

These sessions are more competitive, formed around a league structure which resets every half term. Players are put into 4/5 a-side teams and the children will compete in weekly fixtures.

Rewards:

There are trophies for the winning teams to keep until the following term. Medals are handed out for Most Valuable Player, Most Improved Player and for children showing great attitude and respecting their teammates.

Inspiration & Success

Street Dance Academy is available for Years 3-6, run by professional dance teachers and supported by Oswald Road staff. Children develop core dancing skills across a range of disciplines within both Contemporary and Street Dance, using varied and exciting choreography.

Dance improves flexibility, coordination, balance, stamina, muscle tone, strength and posture. It's also very sociable, uplifting and great fun, enhancing your child's life in so many ways.

The dancers are rewarded with certificates such as Dancer of the Week, Most Improved Dancer and for children showing great attitude and respecting their fellow dancers.
