Dear Parents/Carers

## Walking to and from school safely

Please find attached a 'Walking to School Safely' guide for children in Years 5 & 6 that walk to and from school alone, as well as some warnings and advice from one of our safeguarding partners below:

### **Pupil Safety and Dark Nights**

It won't be long until we will be setting the clocks back an hour and Summer time ends. Road traffic collisions increase by 20% in the fortnight after the time change. Sadly, some of those collisions will involve child pedestrians and cyclists. Children under-16 are one of the most vulnerable groups of road users.

The latest available government statistics (2015)\* show that 58% of children who die or are seriously injured in a road collision are involved in incidents between 3 and 7pm. Much of those will happen in darkness.

Whilst younger children are at risk, the data shows that 11-15 year olds are actually at more at risk from accidents that kill or result in serious injury.

The resources below will help remind children, especially teenagers, about road safety and safe cycling.
