Our classes are fantastic for all children. If your child has already taken part in our clubs this is perfect as the clubs follow a curriculum that changes each term – continuing to attend our clubs will also reinforce learning as children learn best through continuation and repetition! Our classes are designed to be attended throughout the academic school year – so they are great for new and previous club members alike!

Please Note All bookings must be made in advance and prior to term starting. The course can only run subject to a minimum sign up – for this reason, please do not rely on the class for childcare – and make sure to tell all your friends and please spread the word to your parent groups! We reserve the right to turn away students who disrupt class. Fees are non-refundable.

Please Note When you book via Parent Pay, this automatically gives We Love To Learn permission to add you to a contact/email list to be used for updates and also, about your child's progress. We may take some photos of the class for update purposes only. Please note that pictures will not be used for social media or marketing purposes.

Please let us know clearly in writing if consent is not offered for the above to: info@welove2learn.co.uk

CREATIVE WRITING IS BACK FOR 2023!

THE WONDERFUL WORLD OF CREATIVE WRITING!

Through these relaxed yet fun and educational sessions, your child will learn how to experiment with and construct different genres of writing such as journalistic articles, stories, poems, memoirs and invent characters. You will also receive a link with some simple yet fun exercises that encourage writing prompts at home, so that topics covered each week can be further enjoyed and developed with the whole family at home.

Children are also encouraged to share and reflect on each other's work (positive and constructive feedback only) to inspire each other and develop their creative process. There are so many exciting opportunities the wonderful world of Creative Writing can open – it's fun, exciting and can lead to a really cool career too!

So, let's get writing - and inspire your next J K Rowling today!

French Club and Spanish Club are back for 2023

Did you know that children will retain more information at this stage in their development than at any other time in their lives? They can grasp a new language quickly and easily at this crucial age; the earlier they start, the easier it is!

Benefits include:

- ✓ Increased confidence and emotional well-being
- ✓ Advanced speaking and listening skills
- ✓ Enhanced problem-solving / multi-tasking abilities
- ✓ Improved reading and writing as well as opening learning receptors
- ✓ Cross-cultural awareness and flexible thinking
- ✓ Improved cognitive skills

Best of all, through dance, drama, stories, songs and games, learning a new language is also so much FUN, children don't even realise they are learning! Our classes are fantastic for all children. If they have already taken part in our classes, it will still benefit them to join - new material is introduced all of the time, and children learn best through repetition! If your child is already learning another language and you are unsure about introducing another, this does NOT cause confusion and studies have shown it is in fact easier for children to pick up two languages!

In addition to your child having the invaluable experience of working and interacting with our wonderful teachers, you will receive exclusive access to a range of specially designed resources for FREE (worksheets, colouring pages, flashcards, etc.) to encourage fun learning with all of the family at home.

STREET DANCE/TIK TOK CLUB IS BACK FOR 2023!

The range of health benefits that comes with dancing are simply endless for your child (better flexibility, strength, healthy blood pressure, balance, coordination, physical strength and stamina, special awareness etc). But did you know that the emotional well-being benefits are amazing too? Firstly, your child will be entering a class with children outside of their peer group, which is excellent for socialisation skills, making new friends and team building! They will also be learning their own unique style whilst developing new skills - this is fantastic to boost your little one's confidence! Encouraging a love of dance from an early age can help motivate children to stay healthy and active – even as they grow into adults.

As well as promoting overall health, enhanced development in these areas is brilliant for sports performance and other activities at school and beyond!

This class is such a brilliant all-rounder - your child will be exercising and getting those endorphins flowing, whilst gaining new skills and an increased confidence throughout the term! So, let's get your little ones shaking and hit the dance floor!

New for 2023: Happy Club

We Love to Learn is excited to announce a new mindfulness club at Oswald Road!

Looking after ourselves and our emotional wellbeing is no easy feat, but this club is a chance for your child to unwind and practise some self-care. Run by trained mindfulness instructors, we will ensure that your child takes from this club exactly what they need – they will be free to choose an activity to match their mood and support their overall wellbeing.

Imagine this: gentle, relaxing music playing in the background and a choice of reading, writing, colouring and craft stations, as well as the opportunity to catch up on some homework or engage in some quiet play time / mindfulness exercises. This is what we will provide, with our teachers on hand to help and guide the children to make the most out of what's on offer.

We hope to see you there!

Dear Parent/Guardian,

We Are Adventurers after school Forest club will be running at Oswald Road Primary School. The session is for Year 1 up until Year 6.

We Are Adventurers is a fun and exciting club where children can learn a woodland skill, get their hands dirty with nature led art and craft, build a den, pitch a tent, learn about plant life and insects and set up camp.

The activities will aid children in forming the good habits of healthy exercise and a lifelong passion for exploring and adventure. All the activities are outside in the woods on the school grounds, so please ensure appropriate clothing for the weather!

The sessions will run from Tuesday 10th January to Tuesday 14th February inclusive.

The price will be £6 per session, total cost £36.00 for 6 weeks.

NB: All our leaders are DBS checked, fully insured and every activity is risk assessed.

The sessions will run from 3:30pm to 4:30pm.

For more details please visit www.weareadventurers.co.uk

If you would like to book your child on to the sessions, please visit:

Art Club with Colette

Fabulous projects coming up this January 2023 for the Art Club at Oswald Road. As a trained secondary school teacher in Art and Design, I am skilled in teaching your children how to draw and paint in different ways using a variety of materials and techniques as well as a variety of crafts and 3D projects. Children will be able to complete projects in a day or work on extended longer projects. I believe that all children are capable of enjoying the creative process and achieving rewarding results. The Art Club is a great opportunity to make new friends and learn skills that will be invaluable to take forward to secondary school.

Troupers Drama Clubs have been providing children with a safe space to explore their imagination, develop their creative voice, learn to collaborate with anyone and everyone and have fun doing it – since 2008.

Each week the Troupers play the best theatre and improv games around (games like The SuperMegaGame, Triple Threat and Thunderdome!), and then – as if by magic – use them to create their very own characters, stories, and scenes! Expertly guided by professional improvisers, actors, directors and theatre makers, Troupers provides a framework through which each group has ownership over their own unique adventure.
