## **Year 6 Girls' Coding Club**

We are pleased to announce the return of Year 6 Girls' Coding Club on Wednesday lunchtimes. This club is free of charge. Please see below for a message from the club organisers. If you would like your child to attend, please fill out the Google form in the Internal Clubs table (above).

Hi everyone,

We are happy to announce that we are going to continue with Year 6 Girls Code club on Wednesday lunchtimes in the Computer room. We are all parents of children at Oswald Road and have a range of coding experience between us. We ran the club most of last year and were delighted that so many Year 6 girls came along over the year to have a try at coding and work on some fun projects with different coding languages.

Coding can be challenging, creative, rewarding and most of all fun. Definitely not just for boys!

Code club is free, so please encourage your girls to come along. This year we have more volunteers, so hopefully every girl who wants to try it will get a place. If we are oversubscribed, some girls will be on the waiting list for next term/half term.

The club will run on Wednesday lunchtimes. We can only accommodate a small number of girls at a time, so if we are over-subscribed, we will run the sessions again in the future for any girls on the waiting list. If possible, it would be helpful if the girls have an email address (a parent's will be fine), so we can set them up with an account on Trinket (a free online code editor - <https://trinket.io/>) for them to save their projects.

Kind regards

Edgar, Lynne, Rachel & Stephen

Net Busters provides a pathway from fundamental skill-based learning (Little Kickerz) to fun, competitive football league structures (Shooting Starz and Pro-playerz).
