100% said YES

Here's some reasons why....

"I love Oswald Road. An amazing school for my children, warm teachers, great communication, having staff on each gate is the best!"

"This is definitely a wonderful school that takes cares of our children both academically and in terms of their personal development. This is only explained by the amazing work done by teachers and all staff members."

"Yes, definitely. The best primary school in the area."

"Our child is in their first term of reception so we can only judge on a few weeks but overall I am so happy she has joined this school. We couldn't have asked for a better start to her school experience. All the staff we have encountered (across all the provision) have been friendly and welcoming and clearly work hard and care about the kids. The comms (eg spider; newsletters) are all thorough and informative and help us feel connected with what is going on in the school. The school just has a nice vibe. We're looking forward to becoming more integrated in the school community as she moves through the school years."

"An amazing school that I would recommend to anyone. Supportive to all children and parents."

"My son is really happy here, best decision made."

"The sense of "community" which runs through Oswald Road is fantastic, especially for a large school - it never feels impersonal or like you are lost in a sea of other people"
