

We asked the children what they do at school that makes them feel...

HAPPY

"Playing games outside at playtime- we play on the woodchip and we also play basketball and football. Everyone plays nicely together and that makes me happy"

"There are fun lessons, like PE or digital literacy, and that makes me feel happy because they're fun so I feel happy while doing them."

"We spend time with our friends and learn. I like learning and socialising. I really like maths and PE, they both make me feel really happy."

"We are all nice to each other, we respect each other, everyone is caring and there's always someone who can help you if you're in a difficult situation or you're finding something hard."

"I love learning, English especially, and I love spending time with my friends. I love English because I love books, and in English they give us ideas of what to write about, and the teachers always tell us how we can improve our writing."
